Rally to create awareness on Cancer in Animals organised by NSS & Dept. of Veterinary Pathology, RIVER on 04.02.2019
On account of the World Cancer Day (4th February), the Rajiv Gandhi Institute of Veterinary Education and Research (RIVER), Puducherry organized a rally to create awareness about cancers in animals. Like their human counterparts, animals also suffer from various types of cancers. The diagnostic procedures are akin to humans and early detection can lead to appropriate treatment. The rally was co-ordinated by the Department of Veterinary Pathology and the National Service Scheme (NSS) unit of RIVER. The rally was held at 7 am at the Goubert Avenue from the Chief Secretariat to the Children's Park. Students and faculty of RIVER, veterinarians from the Department of Animal Husbandry and Animal Welfare, Puducherry and animal lovers participated.
